Golden Eagles Rule On and Off the Field

San Pasqual's 1980 Homecoming was held on Friday, October 24. Musical floats from each class displayed the theme "Looking Back Over the Years in Music." Highlighting the ceremony was the crowning of the King and Queen, Terri Brown and Brian McFadden. Fireworks ended this year's festivities with color and excitement.

Eagles Showing Off Their Spirit

One of the highlights of the year was the Spirit Week, sponsored by the A.S.B. As Homecoming approached, both students and faculty got excited and showed their Eagle spirit by wearing crazy costumes and working long into the night on their class floats.
The week got to a galloping start with Western Day on Monday; Cowboy boots and hats were seen everywhere. Tuesday was topped off with hat day, and after school the Parent's Club held the Second Annual Jog-a-thon. The high point of the week was Wednesday. Devo fans and tweaky jerks wore their favorite styles on Punk-Nerd Day. We traveled into a sunny Thursday, which was just right for the tourists. Sophomores, Elliot Posner and Laura Finn won a relay race held at lunch. The week progressed towards Friday, which was extreme blue and gold day, when Eagles wore their blue and gold apparel in preparation for the Homecoming game that night.

Spirit Soars High

The walls were shakin' and the earth was quakin' as the SPHS cheerleaders led the students and faculty in rising their spirit high. Class competition and the cheerleaders' skits were the highlights of the rallies. In the class competition two students were picked from each class to compete. One event required a student to stuff his mouth with pizza, twinkies, and a chocolate malt. Another event, sponsored by the A.S.B. was the "Hog Squad Eating Contest." The offense ate ice cream and the defense ate Big Macs. Brian McFadden ate the most Big Macs for the Bic Mac Attack and Joel Schwartz ate the most ice cream for the "HOGS."

Senior Powder Puffers Keep All in Suspense

The Annual Powder Puff game was held on January 17th. As the fog rolled in and with there being nothing but mud on the field, the seniors and juniors battled it out. It was close to the finish with the juniors scoring a touchdown first. The seniors waited until the last quarter before they ended the night with a score of 8-6. To make the night especially memorable, the senior players participated in a huge mud fight.

The seniors were cheered on to score by their cheerleaders. Members of the powder Puff cheerleading squad were: Captain Dave (Bubbles) Sarazen, Scott (Scoot) Mayer, Steve (Stephanie) Cascioppo, Dan (Danielle) Shedd, Bob (Bobbie) Hendershot, Garet (Gretta) Juntenun, and Jeff (Gertrude) McCoy.

The Second Annual Jog-A-Thon Is a Big Success

The Second Annual Jog-A-Thon was very successful. The joggers were able to raise a lot of money for the school by collecting pledges and running their best. It wasn't all work, however, for the joggers.

McDonald's provided drinks for the thirsty participants while prizes and gifts were continually being drawn.

Junior Varsity Defeats O.G.

The Junior Varsity team had some heartbreaking losses this year. The season was highlighted by an upset victory over the undefeated Orange Glen team 24-18. The team showed great enthusiasm throughout the entire season, but the breaks just fell to the opposing teams. The defense was led by the performance of Greg Brumley, while the offense was ignited by the running of John Oates. The Junior Varsity is looking for improvement next year. They ended this season with a league record of 2 wins and 4 losses.

Eagles Have a Tough Year

The Varsity basketball team of 1981 suffered some real hardships. The record the team had did not reflect the type of team they were. Everyone worked hard throughout every practice and game, but they came up on the short end. The games were won or lost in the waning moments of each game. The result was losing games by 5 points or less, two of which were lost in overtime by baskets at the sound of the buzzer. The team could not get the breaks needed to give them wins needed to get into the play-offs. The end result was a short season but one to remember. They grew together as a team and went through all the frustration together. The team would like to give thanks to Coach Warren, Coach Danks, and Jim Kopet, the manager and photographer whose pictures appear in this section.

Classes Increase in Enrollment

English was the largest of the academic departments on the campus. Enrollment in Senior English classes more than doubled this past year because such university systems as U.C. changed its entrance requirements to four years of high school English.

Mr. Vernetti headed the department and summarized this past year's teaching phiolsophy as stressing for each student a life of recreational reading and effective writing. Field trips included a visit to the San Diego Shakespeare festival and a tour of Palomar College.

Industrial Arts and Special Ed. Stress Knowledge

Industrial Arts introduced students to power tools used in the Cabinet and Millwork Industry. Students who continued furthered their skills in the cabinet and furniture design and construction trade.

The Multi-handicapped classes focused on vocational and daily living skills. Field trips to stores, banks and public facilities allowed the students to practice their skills. Vocational skills were taught and practiced through work study programs both on and off the campus.

This year the counselors were very busy with the new modern equipment used in the Career Center. Although housed in a temporary building with limited space, the center grew considerably this year with the addition of materials and services for the students and staff.

New to the counseling staff was Patricia Roach, who replaced Dr. Ruebel. He is now the school psychologist.

Students

These found souls were guided in their learning and each given a proper name according to their sizes and shapes and the knowledge they had thus acquired. The smallest were called the Frosh; the sassiest the Sophs; the quiet the Juniors; and those refined in knowledge the Seniors.

To the Class of 1981

Now that we've reached the end of a long road, it's time to reflect upon some of the trials and growing that we've experienced. As freshmen we set goals both for ourselves and for our class, many of which we reached and some that we fell short of. Through the four years of pressure and working together we established friendships that gave us the bond and unity that will stay with us forever.

During our high school years we witnessed many changes. Remembering some of these changes brings about both laughter and a sense of accomplishment. To end our activities together, we attended the Prom which seemed to bring out the best of us. And then came the final night which brought out emotions of both happiness and sorrow and most of all relief and anxiety.

So now it is time to say goodbye to our classmates and school and go on to fulfill our goals and dreams. Friends all say, "we'll keep in touch" but somehow you know that most of them never will.

Seniors — the Class of 1981

The seniors had an active as well as memorable final year at San Pasqual. These activities included the senior banquet, which was held at the Chez Orleans restaurant, their car wash, Senior Week, which was filled with activities for the senior class, Activity Day, which was spent at Knott's Berry Farm, the Prom, which the class sponsored, and finally grad nite, which was spent at Disneyland. These activities resulted in not only a fun-filled time but also a closer class.

The Soaring Class of 84'

The Freshman class grew to great proportions this year, not just physically but also mentally. The number of Freshman students out-numbered the number of Sophomores, Juniors, and Seniors in each of their classes. The Freshman also sponsered the Backwards Dance. Representing them in the Homecoming ceremonies were Jay Wandalowski and Suzanne Griffin as the Freshman prince and princess.

Sims School

Sims School is a memory most of the twenty-seven girls that are enrolled there will not forget. This year their ages ranged from 14-18. Mrs. Hanaway, who was the teacher and advisor to these girls, had the help of Sharon Brundige, Suzy Johnston, and Teresa Hansow. Each year Sims School grows more; this year it added a classroom, where most of the girls take Parenting and Child Development from Mrs. Williams. Sims School provided help to those in need, a chance to finish their education, and an atmosphere that was easy and comfortable.

The German Club gave its members knowledge about the life-style of the German people. Mrs. Squires and Mrs. Briggs, the club's advisors, planned activities for the club such as candy sales and a car wash. The funds they made by these activities helped the German Club to treat its members to German dinners and discounts on other related German products. Mrs. Squires says the club is small but very active and everyone gets along well together.

Special Ed. Progresses

Our 1980-81 Special Education Department consisted of sixty-three students. They learned many beneficial daily living skills which included cooking, cleaning and washing, handling money and checking accounts, and actual shopping.

The school provides the students with an opportunity for campus jobs such as; office, Library, and office aids. The class also has a special program which hires outside students to aid these students in their classes. This is known as the mainstream course.

The students' academic classes consisted of a specially designed program to individually help the students in English, Math, Social Studies, Science, Art, Health, and Driver Education.

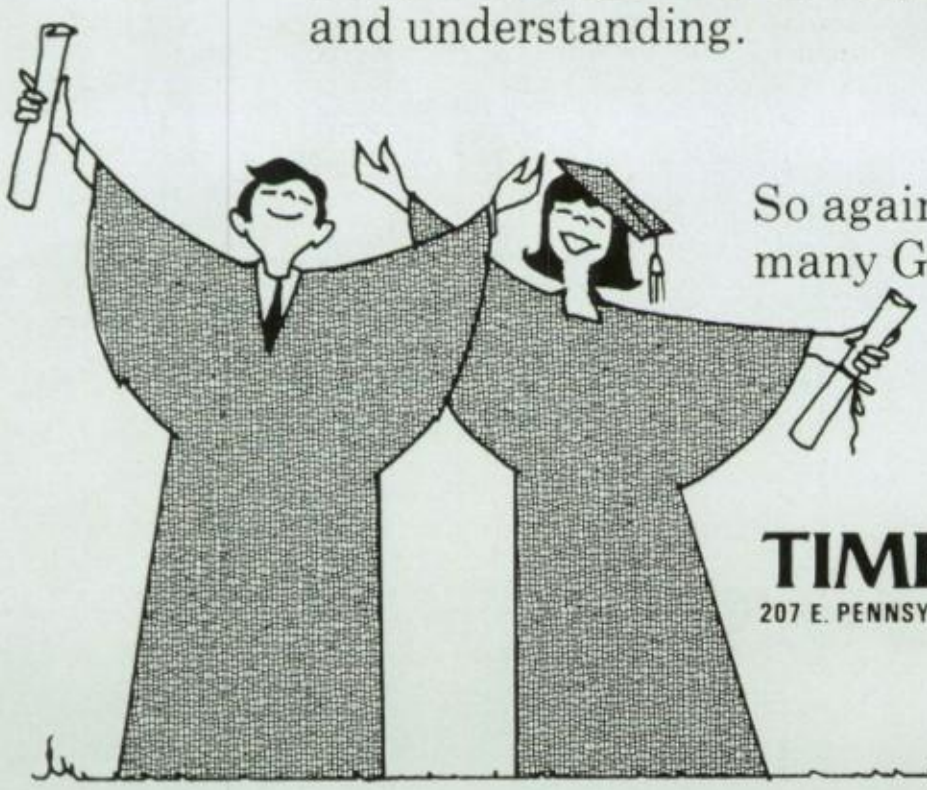
A GREAT DAY!

The day on which a worthwhile goal is achieved is certainly that: a great day!

High school Commencement is one such day—and to all our high school graduates, congratulations! Your goal has been an important one, and in its accomplishment you, your parents and your teachers are justifiably proud.

But—note that word "Commencement"! Now you really commence to climb—more formal education, first steps in a career, new levels of knowledge and understanding.



So again, congratulations—and many Great Days ahead!

Your a really sweet person & am glad we at least got one class together to spaz out in!! & know able be seein ya at "SPAZZERCISE" but & hope all of us can go do something! Take care of yourself & love ya!! Call me Kay 743-8806!

Love,
Lisa Tuttle

From one Bobby to another,

Its hard to think when you've got so many things going through your mind, but I think I'll manage. Dad, we've been through alot this year. Things that will be memorable the rest of our lives. I think we've learned quite a bit. The times we've gotten in trouble just us two. Times we've gotten stuck and gone bajan in your car on little dirt back roads. Sticking it in the garage so your mom wouldn't see the mud caked on it. Then getting up in the morning early to rinse it off. Taking Brent's car and going thrashin in the river bed. And we just loved to ditch and sneak off to the beach. Putting bathing suits down our shirts so mom doesn't see. Telling her we're home because of a Pep Assembley. (She had no clue)

Here I am again. A little delay in signing the book. Lisa you don't know what I would do without you, I can't even begin to tell the times you've come to the rescue for me. You are so understanding and I like cause you tell me the truth about everything, even if I don't like the truth. You'll never turn against you cause I admire you and believe what you say about everything. I've been through alot this year and you've helped me through it. We've both helped each other. I'm sure we'll go through alot more, so hold onto your panties and we'll get through 'em. This summer I hope we can do all the things we've planned... Laguna, beachhouse, Knott's (Opie + Brent), Havasu, volleyball. I love it!

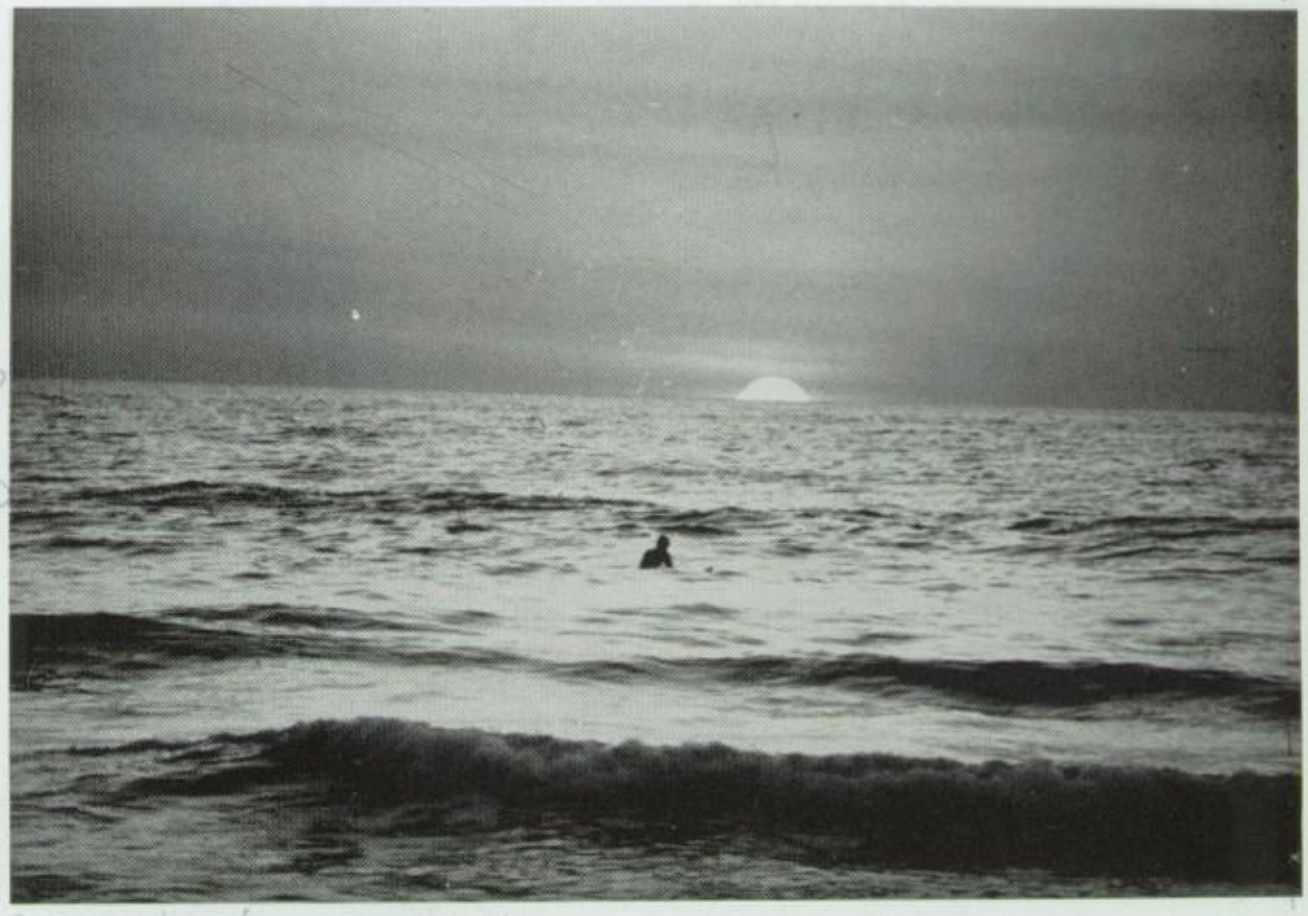
And so we have shown

how our
hours and days
have been spent



Lisa,
can you believe that we're going to be big seniors. I'm we have class together next year we should get to be better friends. I really mean that. Im not just writing that because that's what most people write in year books. You know really sweat. I'll

probably see ya somewhere in the summer Love Always.

Janex

Lisa,
I certainly glad you got to know you this year — you're really a super great person. I hope that next year, your SENIOR year, will be as fun, if not funner than mine. You've got a great future ahead of you. I'll look for your name in the All-Avocado volleyball standings 1st team. I hope to see you in the future.

Love,
Cindy Swanson

Lisa,
Well, we have only one more year to go! I'm sure it will go by faster than this one did. I'm sure you'll have a great Summer. Don't get too dark and you probably see you at the beach. Take Care.
Love, Lisa Alvarado

Another year has passed by us and I find myself in the midst of all the feelings that accompany the end of the year — happiness, confusion, laughter, and contentment. Whether we realize it or not, in time we will all change and this year at San Pasqual — this time we've shared together — will only be a memory. That is why I'd like to take this time to say this special message.

Some of us have come to the end of the road at San Pasqual. We will now go our separate ways and learn that we cannot relive our high school days. Then there are some that are just beginning with a lot ahead of you. But, whatever the case may be, let us all not forget and be happy that we were a part of each other. I'm sure that we will all meet other people and grow with them but never will it be quite the same. That is why we should *all* live for today and for each other.

I'd like to thank the staff who overcame the frustrations and trials of putting this "Golden Legend" together.
I'd also like to thank the photographers, Ernie Cowan, who donated his own time to add to our book, and Shaun Nutter and Annette Champion, who both worked so hard.
Special thanks are due to Dick Kerr, our representative from Taylor Publishing Company, for all his help and understanding.

There are no words which can express my gratitude to Mrs. Knight, our advisor, except thanks for your guidance and encouragement. Without you, this book would never have been possible.

I hope that each one of you enjoys this book and the memories preserved in its pages.

Lisa,

Ya' your right - this is upside-down, don't ask why! I'm really glad that we've become better friends. BUT I still wish we were closer. Over this summer, SOON, give me a CALL AND LET'S DO something. I'm not just writing this, I really want to become better friends. I can't believe how close you live to my moms house and we still haven't done anything.

During this summer let's get a bunch of people together & have a party on our boat or something. Deal? Do we have a date? O-H-H-H BABE!

Your a super fun person & I like you alot! HAVE a super, duper(?) summer & give me a call.

Love,
Connie Herring
